In collaboration with Building and Construction Authority (BCA) and Workforce Singapore (WSG), Singapore National Employers Federation (SNEF) warmly invites **HR Managers, HR Business Partners, HR Directors and Business Owners** to a half-day briefing on Job Redesign and to share on an upcoming project to aggregate demand and redesign multiple job roles relevant to construction firms.

Job redesign is the process that begins from transforming work, building workforce capabilities to aligning business strategies with ever-changing market demands. Project outcomes include:

1. Increase in job value,
2. Productivity gains,
3. Future proof work and environment, and
4. Improved talent attraction and retention
